IMPORTANT CYBER SECURITY NOTICE

A large number of Ransomware / Virus attacks are being reported across the world. LPSC officials are requested to ensure the following.

a. USBs should be scanned & cleaned using Antivirus OR formatted before connecting to a PC

b. Laptops should be protected by properly scanning with Antivirus. The Operating System and the Antivirus installed in the laptops should be updated with latest patches/virus signatures.

c. Do NOT open unsolicited / suspicious e-Mails. Do NOT download suspicious e-Mail attachments. In case you receive such e-Mails, kindly report it to Computer team

d. Carry out 'Complete scan' of your computer using Antivirus

In case any assistance is required, please contact Computer team in office.
