Communications regarding the grant of permission for doing the project will be sent to the student from HRD/PPEG, LPSC through the institution only. If the student is not likely to take up the project at LPSC during the permitted period, the student should inform HRD/PPEG at least 30 days prior to commencement of the allotted period, so as to enable LPSC to allot the project slot to other students in the waiting list. Repeated failure to promptly communicate the non-acceptance of the project slot is likely to result in rejection of project applications from students of such institution in future.
